Biological descaling powder, ultra concentrated

Packaging

6 x 1 kilo
4 x 5 kilos
1 x 25 kilos

Characteristics

Aspect: gray powder
Odor: no
pH: 7.3

Norm: AFNOR NF X 42-040
Directive: 2000/54/CEE

Description

NETCOLONNE P CONCENTRATED is a unique ultra-concentrated active micro-organisms solution for a high performance biological cleaning of EU / EV, vertical and horizontal columns.

NETCOLONNE P CONCENTRATED provides unblocking drains and effectively prevents caps while eliminating odors.

Advantages

- Unique biotechnology
- Cure and eliminates grease accumulation
- Protects against the formation of plugs
- Ensures smooth flow pipes
- Eliminates odors
- Non-irritating and non-corrosive
- Safe for users and equipment
- Completely biodegradable
- Neutral pH

Directions for user

- ① **Dilute the dose** in water (perfectly warm), **1 liter per apartment**
- ② **Curative and preventive treatment of columns and sewer**
 - ① **Columns:** apply the solution at **each point** (WC, sink, shower, washbasin)
 - ② **Sewer:** apply for every 30 m
- ③ **In addition:** use **ACTI P**, ultra-potent activator (see data sheet)
