

Applications

- ☑ Septic tanks
- ☑ Sumps
- ☑ Pumping station

SEPTIC L

Bio-treatment of septic tanks

Packaging

6 x 1 L (dosing)
4 x 5 L
1 x 30 L
1 x 200 L
1 x 1000 L

Characteristics

Aspect: liquid
Odor: fresh
pH: 8

Norm: AFNOR NF X 42-040
Directive: 2000/54/CEE

Dosing

Daily treatment = week

Description

FOSSE L permanently eliminates odors from septic tank.

FOSSE L prevents the risk of overflow of unblocking septic field.

Formulated with active selected microorganisms, **FOSSE L** biologically degrades organic matter and reduces drain.

Advantages

- Completely natural and biodegradable
- Eliminates odors effectively
- Breaks down organic matter pits
- Space drain
- Non-corrosive
- Safe for users and equipment
- No toxic vapor
- pH neutral

Direction for user

- ❶ Pour directly into toilet
- ❷ Pull the flush
- ❸ **If strong odors** make a shock action
