

Applications

- ☒ Septic tanks
- ☒ Sumps
- ☒ Pumping station

SEPTIC P

Bio-treatment of septic tanks

Packaging

6 x 1 kilo
4 x 5 kilos
1 x 25 kilos

Characteristics

Aspect: powder

Odor: no

pH: 7.4

Norm: AFNOR NF X 42-040

Directive: 2000/54/CEE

Dosing

Daily maintenance = month

FOSSE P	habitants
100gr	4-5

Shock treatment

FOSSE P	habitant
200gr	4-5

Description

FOSSE P permanently eliminates odors from septic tank.

FOSSE P prevents the risk of overflow of unblocking septic field.

Formulated with active selected microorganisms, **FOSSE P** biologically degrades organic matter and garbage.

Advantages

- Completely natural and biodegradable
- Eliminates odors effectively
- Breaks down organic matter pits
- Space drain
- Non-corrosive
- Safe for users and equipment
- No toxic vapor
- pH neutral

Direction for user

- ❶ Pour directly into toilet
- ❷ Pull the flush
- ❸ **If strong odors** make a shock treatment
